

AUTHORIZATION FOR THE SCHOOL NURSE'S PERFORMANCE

The CRCS Board of Directors supports the employment of professionally prepared registered nurses to conduct and supervise school health policies, procedures, and protocols.

The CRCS Board of Directors recognizes that each School Nurse will be a currently Licensed/Registered Nurse in the State of Maine and will hold current certification from the Department of Education.

The school nurse will manage the school health services under the direction of the Principal, and in compliance with CRCS policy. The School Nurse will function in accordance with the Standards of Professional School Nurse Practice, the Nurse Practice Act, and Federal and State statutes that impact school nursing practice.

The nurse will be covered by special medical liability insurance, to be paid for or reimbursed by CRCS.

The nurse retains the discretion to decline requests, which in his/her professional judgment are not appropriate to the school setting, are not in the best interest of the student(s) involved, or are not feasible to perform.
