Chair - Lorri Cahill

## Purpose of the meeting:

The committee is organizing options to inform the Board of quality academic opportunities currently being utilized in the school and determining the year's schedule. Topics that may be discussed:

- Global picture of the learner
- Board would love to hear the “feel-good” activities happening at each school
- Data: Empower, data scores
  - Using data to move a child – what data is being used
  - Testing – Spring NWEA, Spring Me Assessment, Science
  - Ongoing reporting – F&P, math
  - Calendar of testing dates and when reports come out
- Student behavior and the impact on student learning
  - Referrals, outside school services
  - Who’s supporting our students
  - Is there any age group showing out of control behavior
  - If learners can show appropriate behaviors in the classroom, are they also showing on the playground, bus, etc.
  - How to learn - How to attend - How to behave in the community
- We want staff to have the skill sets they need. What professional training is needed?
  - Responsive Classroom Does staff have copies of Responsive Classroom books and *Yardsticks*
- What does writing instruction look like? Do we use writing rubrics, writing prompts?
- Learning targets for SIGS
