Facilities

Reviewed summer work projects in progress:

- Classroom painting
- Storage closet replaced in boys' bathroom
- Conference room partition
- Office renovation, carpeting
- Gym storage
- OT/Speech space

Discussion:

- Wellhead Protection Grant – Justin will be meeting on August 17th
- Jason Tessier is willing to make the needed repairs to the library slab in October but will need a crew to help
- Looking to purchase 12 security cameras that will run off Ethernet
- Jason will send Justin information regarding what MOFGA has about upgrading heating systems (Maine Air)
- Justin has found a compressor at Tractor Supply - Jason suggested hiring a plumber to check the lines for leaks

AgEd

- CRCS was a \$3,000 Maine Agriculture in the Classroom grant recipient. This money will go towards the cold frames for our raised beds. Each classroom will have a bed that they will plan, plant and maintain. Harvest meals are planned.
- Plan to repurpose the current swing set into a trellis for growing.
- Greenhouse will be located where the present back garden is.
- Discussed Master Garden program through the Extension office
- Looking at grants for an orchard and barn
